

Whitnash Primary School's Green Day!

Whitnash Primary School will be holding a 'Green Day' on Tuesday 13th July. All children and staff are encouraged to wear an item of green clothing on the day and to walk and cycle to school throughout the week to help keep healthy and reduce our carbon footprint.

The day hopes to promote 'Green' and environmental issues and begin to make the children aware of the role they can play in looking after our world. They will be able to take part in a variety of environmental activities, including an assembly to kick off the day delivered by a member on Warwick district council who will talk to the children about recycling opportunities. Another activity will be to take part in creating a school mural from recycled tiles. Please can your child bring an old, oversized shirt or t-shirt to wear for the duration of this activity to protect their clothes.

If you have any questions, please don't hesitate to speak to your child's class teacher.

Thank you for your continued support.

Reception and Key Stage One would also appreciate any donations of cardboard boxes or tubs.

Also on the day, the kitchen will be offering a lunch, made from produce which can be locally sourced, for children who have free school meals or who would like to pay for a hot dinner.

We will also be hoping (weather permitting!) to eat our lunches on the school field - participating in a whole school 'picnic'!

Consequently, if the weather is hot please encourage your child to bring a sp/sun hat and sun block (which they must apply themselves) to school.
